Content: computerisation of canteen service and recharge of the electronic purse.

The management connected to school service assistance, which include the community of Valle di Cembra, the Territory of Val d'Adige and the community of Valle dei Laghi, the latter leader, explain to new users about canteen service, the digitized system for canteen service and payment of meals using the electronic purse.

On The last page there are an User Pin of 5 numbers and a Bank Code (or ID Pin) of 8 numbers to recharge the electronic purse according to the following procedure, and a password to log into the personal portal. These credentials are valid for the entire school year within the same Community/Territory.

The digitized system expects the purchase of a "canteen credit" which will be automatically updated at every consumed meal.

Students can have access to the canteen service only with the electronic purse with positive credit, following describes ways for recharge.

Since the cooperation of everyone is essential for the proper use for operating the digitized procedure, we kindly ask you to pay close attention.

PAYMENT METHODS/RECHARGE PURSE

A) PAYMENT THROUGH CASSE RURALI TRENTINE

It is possible to recharge the "canteen credit" on the electronic purse through the Casse Rurali Trentine banks using the following means:

- directly at the counter
- via their ATM (Cash machines) through payment card issued by any Bank or postal institution, enabled for PagoBancomat network;
- through Internet banking "InBank" of Casse Rurali Trentine, following Pagamenti → Ricariche → Ricariche buoni pasto, choosing the Territorial Body **Comunità' Valle dei Laghi**;
- through an SMS only for enabled clients of Casse Rurali Trentine to the number 339 9942024. Message text: "RBC5" "TOP-UP AMOUNT" "ID PIN" "FIRST LETTER OF THE STUDENT'S SURNAME". (Example: to recharge
- 50,00 euors on the electronic purse of the student Mario Rossi, ID PIN 12345678, the text message will be "RBC5 50 12345678 R")

For recharge it is enough to indicate the Bank Code or the ID PIN of 8 numbers assigned to the student and the amount you want to deposit. A receipt will be left at every operation indicating on it the amount that was recharged and the updated balance.

Every successful operation will be charged, in addition to the top-up amount, 1.25 euros for banking commission, regardless of the means used to recharge.

B) MAV PAYMENT

It is possible to recharge the "canteen credit" on the electronic purse via MAV ONLINE. In this case the credit entry on the electronic purse will take place within some days.

At this point there is the need to create the MAV using the specific key "genera MAV".

After creating the form MAV it is necessary to proceed the payment using one of the following means:

- at every Italian Bank counter, even outside the municipal territory (it is not necessary to be an account holder);
